rock of pages provides contexts and close readings of 1980s heavy metal with forty years of hindsight drawing upon analytical frameworks usually associated with literature and literary studies based on decades of work as a professor of literature and as a musician jesse kavadlo analyzes the ways in which 1980s heavy metal aligns with and develops many of the themes prevalent in the canon of literature in doing so the book examines some of the contexts of 1980s heavy metal including cold war the rise of mtv and the formation of the parents music resource center pmrc and subsequent congressional hearings rock of pages takes the pmrc s own objections to heavy metal and uses them as titles and topics to analyze the intersections between heavy metal and literature representations of violence but the connected concerns about justice images of substance abuse and the interrelated issues of obsession madness suicidal ideation sex and love with concomitantly representations of women and relationships between men and women and the references to the occult with the depictions of satan the afterlife and morality on earth itself in doing so the book suggests that 1980s heavy metal displayed more artistry and intelligence than people imagine but that literature is rebellious and subversive as well

the anthology decapitation and sacrifice is the result of an interdisciplinary project on the phenomenon of the decapitated head of saint john the baptist in its exegetical context in the material culture of the middle ages and the renaissance and finally in more recent approaches regarding medium studies several specialists and scholars from these fields were invited to share their most recent conclusions thus contributing to our understanding of one of the most peculiar events artifacts and phenomena in west the rise and fall of a male head as subject of martyrdom devotion and artistic expression what emerges from these collected essays is a nuanced understanding of the beheading

and presentation of saint john we begin with the biblical account already finding multiple layers of exegetical meaning with a focus on john as a christ figure as the narrative is adapted into other textual and visual forms its symbolism is transformed deepened or extended in new ways relating to medieval and early modern spirituality morality performance and representation what john s disembodied head symbolically embodies shifts as we move from one medium to another and from one geographic region to another and within those broader categories meaningful distinctions can be made between differences in details such as the presence or absence of a platter the use of specific terminology the contents of inscriptions the characterization of herodias and her daughter specifics of stage directions even the parting of john s beard and the portrayal of his eyes as open or closed or half closed to name but a few the close analysis of these and other details that the contributors to this volume provide tell us both about the symbolic potential of john s beheading and about how the textual and visual objects studied here functioned in medieval and early modern communities
